No. Jute(Mktg)/113/2017/RABI/18-19

Dated: 19-03-2018

To  
All Jute Mills.

Sub: Unsatisfactory supply of B-Twill jute bags.

Sir,

It has been observed that some jute mills are offering very low quantity of B-Twill jute bags for inspection willfully in this month. It is apparent that the objective of such low offering is to carry forward some allocated quantity for execution in the month of April, 2018 as there may not be significant quantity left to be covered in the month of April. Such attitude of mills who put their interests ahead of Govt's interest will not be tolerated by this office. Stern action against these mills will be initiated at an appropriate time.

We make it very clear that if there is any backlog of any quantity on account of Punjab/FCI/MP/Haryana at the end of 31-03-2018 with any jute mill, the same will be cancelled on 02-04-2018 without consulting anybody and reallocated to mills who will have '**NIL**' **backlog on these agencies on that day.**

Yours faithfully,

(Dipankar Mahto)  
Dy. Jute Commissioner
